

Operation Round Up® Launches

One of the most fundamental characteristics of a member-owned electric cooperative is its close relationship with the communities we serve. Indeed, we have a special intrinsic responsibility to the people in our service area that goes beyond simply providing reliable, economical power.

Powder River Energy Corporation (PRECorp) is pleased to announce an exciting, new community service program called Operation Round Up®. Simply stated, Operation Round Up® gathers voluntary contributions from participating co-op members by “rounding up” their monthly bills to the next dollar – resulting in an average donation of roughly \$6 per year, per account, which is distributed to worthy local causes by a Board of Directors made up of the current Powder River Energy Board of Directors.

Small change indeed, but multiplied by the number of members in our service territory, it is “small change that changes lives.” Every donation will be made to applicants right in our own local area with almost no administrative costs.

The most rewarding concept of Operation Round Up® is that it is an extension of the concept of neighbor helping neighbor that built our electric cooperative 62 years ago. Just as those before us joined together to build their own electric systems when private power companies refused to serve rural areas, Operation Round Up® helps co-op members connect with worthy causes in their communities and work together to help others.

I hope you will join us in spreading the good word and good works of Operation Round Up® throughout Powder River Energy’s service territory. Signing up for the program is easy. Simply fill out the form below and return it with your monthly payment, call our Customer Service department at 800-442-3630 or enroll online at www.precorp.coop.

You can be one of, hopefully, many who will use their small change to change lives!

Operation Round Up®

- Either call, log onto our website, or fill out this form and remit with your bill to sign up for this great local program
- Each month, we will round-up your electric bill to the next whole dollar
- The extra cents will be contributed to the Operation Round Up® fund
- The fund was created to help members connect with worthy causes in our communities
