

Equipment Release Form and Agreement

I. Member Information

Name: _____ Member Number: _____
Address: _____
City/State: _____
Zip code: _____
Phone: _____ Email: _____

II. Contact Information/Location (if different from above)

Name: _____
Address: _____
City/State: _____
Zip code: _____
Phone: _____ Email: _____

III. General Information

Current Transformer Serial Number: _____ (provided by PRECorp)
New Construction or Account: _____ (yes or no)
Heating Space: _____ (estimate in square feet)
Construction Date of House: _____ (year)

Equipment Release Form and Agreement

IV. Applicant Certification and Equipment Release

I/we have willfully furnished information to PRECorp for the purpose of participating in the Powder River Energy Corporation Heat Rate Program. I/we understand PRECorp personnel may review the information provided above, my past account activity, credit history, or other information while processing this request. I/we authorize PRECorp to contact any individuals or institutions listed on this or other application forms, if required, to assist in completing this request.

Furthermore, I/we understand/agree:

- The Residential Heat Rate (RHR) is only applicable to residential members of PRECorp who have permanent electric resistance heat and/or electric heat pump space heating systems. I/we understand that this rate is not available to seasonal loads or to Residential Time-of-Day (TOD) customers.
- Agree to have a PRECorp approved meter installed and additional equipment required by PRECorp necessary to meter the electric heat installation loads identified above separately from other loads.
- PRECorp has provided information regarding the requirements necessary to install the Heat Credit Meter Base, Current Transformer, and related interconnections which I/we are responsible to complete before PRECorp will install the Heat Credit Meter;
- PRECorp informed me/us of its requirement to retain a licensed electrician to complete and verify the installation of the Meter Base, Current Transformer, and all related interconnections. I/we are responsible to provide all additional materials (e.g., conduit, fittings, wires, current transformer enclosure, pull box, and any other equipment) required to complete the installation of the Meter Base, Current Transformer, and related interconnections;
- I/we are responsible to ensure proper signatures are secured and other information is completed on the attached form to be returned to PRECorp before PRECorp personnel will install the Heat Credit Meter;
- I/we are responsible for securing all required permits and inspections related to the installation of the Meter Base, Current Transformer, and related interconnections;
- I/we am/are required to complete the installation of the Meter Base, Current Transformer, and related interconnections (PRECorp requires the use of a licensed electrician), and to contact PRECorp within ninety (90) days of the date on this form. If I/we have not completed the installation and contacted PRECorp to schedule the installation of the Heat Credit Meter, PRECorp may bill my/our account the full amount for the Meter Base and Current Transformer, which will be made due and payable immediately on my/our next billing statement;
- I/we acknowledge that we have received the Meter Base and Current Transformer from PRECorp and release PRECorp from any further obligation to provide the Meter Base and Current Transformer;
- PRECorp, its personnel or designated third party, reserves the right, at any time, to inspect the installation of the Meter Base, Current Transformer, and/or related interconnections. Should PRECorp personnel find that the installation does not conform to any PRECorp standards, then PRECorp will inform me/us of any deficiency(ies). I/we am/are responsible to ensure the installation is corrected and will contact PRECorp once remedies are completed. I/we understand that my/our account will be billed \$75 for each additional visit by PRECorp personnel which is required as a result of any deficiency, to be due and payable immediately, on my/our next billing statement and I/we agree to pay the \$75 charge per visit;

Equipment Release Form and Agreement

- I/we understand any issues requiring a service call for the Heat Rate equipment by PRECorp personnel, outside of normal operating business hours, will result in a charge of \$250 for each visit, to become due and payable immediately, on my/our next billing statement and I/we agree to pay the \$250 charge per visit;
- I/we have been provided a copy of the Heat Rate Schedule as issued by PRECorp and approved by the State of Wyoming Public Service Commission. I/we understand and agree to the terms and conditions of the rate schedule;
- If I/we default on any payment, PRECorp will be entitled to reimbursement of all attorney fees, along with any other associated costs, incurred to collect any remaining amounts due or to enforce the provisions of this agreement;
- I/we understand that all payments to my/our account will be applied first to any loan payments and then second to my/our normal monthly electrical usage.

I have read and agree to the guidelines of this program, provided to me, at the time of application.

Equipment Release Form and Agreement

RETURN TO POWDER RIVER ENERGY ONCE INSTALLATION IS COMPLETED

Current Transformer Serial Number: _____

Installation Date: _____

By signing below, I, _____, a licensed electrician in the State of Wyoming, certify that I have installed and inspected the Meter Base, Current Transformer, and other required interconnections for _____, a member of Powder River Energy Corporation (PRECorp), to participate in PRECorp's Heat Rate Program. I certify the connections, to the best of my knowledge, meet the standard requirements as provided by PRECorp. I further certify, to the best of my knowledge, the system captures only heat load as required by PRECorp standards.

Electrician's Signature: _____ Date: _____

By signing below, I/we, _____, a member of PRECorp, agree, not to modify the system as certified by the electrician listed above. I understand if I/we do modify the system without first obtaining approval from a licensed electrician and PRECorp, PRECorp will use all means under the law to collect any fraudulent use of electricity in violation of PRECorp's Heat Rate program, including all applicable fees and tariffs. I/we agree to pay all PRECorp costs, including all attorney's fees, incurred by PRECorp to enforce the terms and conditions of my/our Heat Rate Program Agreement.
