

LOAD EVAL #

Version 12/1/08

Date Submitted: _____

Expected Need Date: _____

Company Name: _____

Same for billing? yes no

Company Address: _____

Project Contact: _____

Email address: _____

Phone Number: _____

Project Description (Field, Location, POD, etc): _____

Oil	Gas
Irrigation	Other

New Service

Total Requested Load (HP/KVA) _____

Largest Single Motor _____

Upgrade

Existing Load (HP/KVA) _____

New Requested Load (HP/KVA) _____

Largest Single Motor _____

Requested voltage: 1Ø 120/240 1Ø 240/480

Primary Distribution

3Ø 120/240 3Ø 120/208 3Ø 277/480 3Ø 2400/4160

Legal Description and load for each service drop (please include a map):

Township	Range	Section	Qtr/Qtr	Total load (include existing)	Largest Motor	Description / Meter #

Powder River Energy Corporation (PRECorp) will evaluate this load request and respond within 30-45 days regarding PRECorp's ability to serve this load and discuss the system modifications, if any, required to serve this load. This analysis will be considered valid for a period of 90 days following PRECorp's response, after which time this load would need to be re-evaluated.

This request is for engineering analysis only and shall not be construed as a commitment or application for service.
