

PRECorp Local Action Network

At Powder River Energy we don't sit on our hands while the world changes around us. We know if we are going to be successful in making a real difference on legislation, our voices must be heard at the right time, by the right people and for the right reasons. And, we know we need your help!

The PRECorp Local Action Network (PLAN) is a grassroots advocacy group to call on our members when we have an issue we need your help with. The energy industry is moving through challenging times and it will take commitment at the state, national, industry and individual level to effectively move forward.

By filling out the information on the other side of this card you are making the decision to get involved and make a difference! PRECorp will only use the information to ask for your help on legislative or industry issues. You will receive an email or letter informing you of the issue and who you can contact should you decide you want to voice your opinion on the issue. The choice will always be yours!

Thank you for helping us PLAN for your future!
