Rate Schedule: Street Lighting (SL)

APPLICABILITY

Applicable to unmetered outdoor lighting used to provide street lighting which is installed on Corporation owned poles where the required secondary voltage exists or can be obtained under provisions of this schedule.

AVAILABILITY

Available within the certificated territory of Powder River Energy Corporation, where the contracting member or member representative has the authority to execute contracts and pay bills.

RATE

Lamp Size

100 W High Pressure Sodium	\$9.55 per month CLOSED
150 W High Pressure Sodium	\$9.55 per month CLOSED
175 W Mercury Vapor	\$9.55 per month CLOSED
400 W Mercury Vapor	\$16.55 per month CLOSED
400 W High Pressure Sodium	\$16.55 per month CLOSED
<= 60 W Light-Emitting Diode	\$9.50 per month
<= 60 W Light-Emitting Diode with 15A 120V outlet	\$10.00 per month

Plus, the COPA Factor shown on Sheet No. 2. The COPA mechanism is described in detail beginning on Sheet No. 34.

CONDITIONS OF SERVICE

1. A contract will be executed for a minimum of one (1) year for all lighting provided under this schedule.
2. All facilities, not already existing, required to provide lighting service requested shall be paid for by the member. The total cost to install shall include both labor and materials.
3. The Corporation will install, own, operate and maintain the street lighting system. Performance by the Corporation shall not include maintenance for damages caused by malicious mischief; such damages shall be the responsibility of the member.
4. ~~Upon receipt of Official Notice from the customer notifying the Corporation of failure of a light to operate as provided, the Corporation shall have five (5) regular business working days in which to make necessary repairs or replacements during working hours. No reduction in the monthly charges will be allowed on inoperative units until the unit has been inoperative for more than five (5) regular business working days after the Corporation has received Official Notice of the inoperative condition. After this time, a discount equal to the daily average of the monthly street light rate will be deducted from the monthly charge until the unit is repaired~~

or replaced.

CONDITIONS OF SERVICE (continued)

5. Mercury vapor and high-pressure sodium lights will not be available for new installations or replacements of existing streetlights.
6. The Light-Emitting Diode light shall be considered the standard fixture provided by the Corporation under this tariff.
7. Standard 15A 120V outlets can be optionally installed by the Corporation for seasonal lighting use only. This option is only available where height is inconvenient to the public and all unauthorized personnel clearances can be maintained. The optional outlets are not allowed on poles with primary overhead distribution service. will comply with the Corporation's installation standard, will be equipped with GFCI protection, are for limited seasonal lighting use only, and will be subject to other terms and conditions as outlined in the member's street light service contract with the Corporation.

8. Exceptions to these conditions for service to facilitate preexisting variations will be handled by a mutually agreeable contract.

OFFICIAL NOTICE

Members may notify the Corporation by telephone (during regular business hours), by mail or email.

BILLING ADJUSTMENT

This rate is subject to all billing adjustment charges, and such adjustment charges shall be billed in addition to the minimum charges.

TERMS OF PAYMENT

If the payment for electric service is not received in the Corporation's offices or electronically, by the "Due Date," shown on the billing statement, the bill shall be deemed past due and a late payment charge as stated in Section VI - Rate Schedule, of the Corporation's Rules and Regulations will be added to the monthly billed amount.

RULES AND REGULATIONS

Service supplied under this schedule is subject to the terms and conditions set forth in the Corporation's Rules and Regulations on file with the Wyoming Public Service Commission.
