Update your contact info and you could win \$100

When Powder River Energy Corporation (PRECorp) employees need to contact members about service issues, account matters, upcoming field work, or safety issues, the information can be delivered more quickly when current contact information is available.

As you change addresses or phase out land-line telephones for mobile phones, contact information can quickly become outdated. This makes it difficult for PRECorp to contact you ahead of time for planned outages, field inspections with crews or drones, tree trimming, and other service-related reasons.

Your primary contact phone can be a home phone, a cell phone, a business phone - or all three. PRECorp representatives rely upon this contact information, especially during emergencies.

Our automated notification system will let you know about planned outages or outage restorations, as well as other important information from PRECorp. These updates could also be sent via e-mail, to keep you informed about PRECorp's operations. PRECorp WILL NOT sell

or share these numbers with other organizations. Use will be limited to important cooperative business mentioned earlier. PRECorp will not call you to promote any products or services.

If the phone number(s) shown on your SmartHub account are incorrect, please go to the "Notifications" tab and select "Manage Contacts" to update your preferred telephone number.

If you would like to take care of your phone number update right now, fill in the form below. You can mail this with your bill payment, drop it off at either PRECorp office in Gillette or Sundance, or speak with a Member Service representative at 1-800-442-3630 during business hours.
