

Disconnects suspended for residential accounts

To support our members who may be impacted by the national response to COVID-19, Powder River Energy is temporarily waiving late fees and suspending nonpayment disconnections for our residential members and those providing essential safety, health and wellness services. We realize that members may face financial hardships affecting their ability to timely pay their energy bills. We offer various assistance options to our members such as payment arrangements, budget billing and medical extensions. Go to www.precorp.coop for more information about these programs. Members can also call their Member Service Representative at 1-800-442-3630.

Members are reminded that this is a time that scammers are searching for victims. If you receive a call threatening to disconnect your service, please hang up and call our Member Service team.
