Friday, November 30, to get in the drawing.

Do you have a medical necessity?

In an effort to better serve our members with special health care needs, PRECorp is requesting information from our members who may have electricity-dependent residential medical equipment such as oxygen or dialysis machines.

Typically this information is gathered when members join the Cooperative and sign up for PRECorp electrical service.

However, if members have obtained the medical equipment since joining the Cooperative, members may want to share that information with us.

The purpose for knowing this information is to notify members with medical necessities of scheduled outages that would affect their service.

Members will need to provide a doctor's note for our files explaining the medical necessity. Other information that will be needed is their physical address, member number, meter number, and emergency contact phone number.

For more information or to update your information, contact PRECorp member service at **1-800-442-3630**.

Powder River Energy Corporation will make every effort to restore electrical service as soon as possible during an outage. There is no guarantee the power will be restored within a given time frame. Individuals are responsible to have an alternative plan if power cannot be restored before any condition becomes critical.

Holiday office closings:

The PRECorp offices will be closed for the following holidays:

• **Veterans Day, Monday, November 12**

• **Thanksgiving, Thursday and Friday, November 22 and 23**

• **Christmas Eve/Christmas Day, Monday and Tuesday, December 24 and 25**

• **New Year's Day, Monday, January 1**

Call 1-888-391-6220 to report an outage.

Energy Efficiency Tip of the Month

Got holiday leftovers? When possible, use the microwave to reheat food. Microwaves use as much as 80 percent less energy than a standard oven.

Telephone Town Hall meeting Wednesday, Nov. 28:

Join PRECorp CEO Mike Easley at 6:30 p.m. Wednesday, November 28, for our final telephone town hall meeting of the year. Mike wants to answer your questions and give a brief update on your cooperative. Members will be called on the phone at the beginning of the meeting, but you may also dial 1-855-312-2107 to call in from a different location.
